

STAT

Note For: DA/IRO

13 MAY 1987

From : Lee S. Strickland
Information & Privacy Coordinator

Subject : Studies in Intelligence Articles

1. Attached is the informal list of articles and reviews from the Studies in Intelligence project which have been sent to the DA prior to 1 May 1987. My apologies for forgetting to give it to you at the Flap Panel meeting on Thursday, 7 May 1987.

2. If there is anything IPD can do to help get these items back from the components and on to IPD, please let me know. If you prefer for us to send designated articles directly to the components we can also do that. As we agreed, this is somewhat of a high priority program, and I want to get it moving -- especially considering that some of them have been in the components for as long as seven months.

Lee S. Strickland
